INVESTIGATION OF MAJOR UNUSUAL INCIDENTS

Recent legislation has placed much greater responsibility on county boards of DD in the area of investigating major unusual incidents. In simplified terms, a major unusual incident may include alleged abuse, neglect, misappropriation, exploitation, death, failure to report, prohibited sexual relations, peer-to-peer, attempted suicide, missing individual, injury, medical emergency, unscheduled hospitalization, unapproved behavior support, rights code violation, or incident involving law enforcement. In some instances, it may seem as though we are prying into a private matter. Please be assured that the person conducting the investigation will be as sensitive as possible to the situation while at the same time complying with the rules we must follow. For more information regarding investigation of major unusual incidents, please contact the county board case manager at 419-782-0635. Although major unusual incidents should normally be reported to the county board within 24 hours or the following working day, it is understandable that at times a family may feel it is a conflict or that potentially the county board is involved in the allegation. If such a situation should arise; a family may call the Ohio Department of Developmental Disabilities (ODDD) toll free hotline 1-866-313-6733 to report the alleged major unusual incident.

ADMINISTRATIVE RESOLUTION OF COMPLAINTS/MEDICAID APPEAL RIGHTS

Any person or legally appointed guardian may, upon request, receive the county board policy for Administrative Resolution of complaints. If Medicaid services are approved, denied, reduced or terminated, you have additional hearing rights through Job & Family Services. A copy of the explanation of state hearing procedures is available upon request. A representative of the board is available to assist with the administrative resolution of complaints and state hearing rights procedures.

CONFIDENTIALITY

A breach in confidentiality occurs: when enrollee information is passed along to a second individual without the enrollee's or guardian's knowledge, when information can be used against the enrollee's welfare or services, when information draws undue attention to the disability, rather than normalization capabilities. An individual receiving services, or legal representative when there is a court appointed guardian has the right to inspect and review any agency record related to enrollment and services. A copy of county board's policy is available upon request.
