

Blink Doorbell

Answer your door no matter where you are from your smartphone! Whether you're working, walking the dog, or busy making memories – Video Doorbell lets you see who's at your door. Get alerts when motion is detected or someone presses Video Doorbell. Connect to a Sync Module like the Amazon Echo Show with Alexa to engage in alerts, live view and two-way audio on demand. Designed for every home, go wire-free or connect to doorbell wiring to also sound your existing in-home chime. When wired or paired with a Sync Module, just ask Alexa to answer the front door. Includes one Video Doorbell, 2 AA 1.5V Lithium Batteries, and command strips.
