# Air-Lite® Cozy Canoe

Cozy Canoe gives kids just the right amount of deep pressure for a calming hug as you sit, read or explore. The peapod shape provides proprioceptive and tactile input to help kids manage strong emotions and unwind. Great for therapy needs too! Hold the handles and 'rock the boat' to challenge balance reactions on pretend waves. Climb in and out to develop motor planning skills.

- Supports kids with sensory processing disorder, ADHD and autism.
- Provides soothing deep pressure while sitting, reading or socializing.
